

Thirty Creative Activities for Kids

1
Personify something

2
Capture a time-lapse video

3
Make colouring sheets

4
Picture your name

5
Go on a photo walk

6
See colour in slo-mo

7
Emojify your mood

8
Storyboard your daily routine

9
Calendar together

10
Find shapes in nature

11
Make a simple book

12
Tell a story with shapes

13
Record news interviews

14
Create a comic strip

15
Get your questions answered

16
Go back in time

17
Write a love letter to the planet

18
Make skip counting fun

19
Make patterns

20
Go on a scavenger hunt

21
Concentration

22
Leaning tower of pillows

23
Strike a pose, twice

24
Send flowers

25
Have a laugh

26
Reach for the stars

27
Become an artist

28
Use your voice

29
Put things in order

30
Personalise a portrait

These activities are great for children aged 4-8+.
Click or tap any activity to view the project description.

Explore 30 fun, constructive and creative activities to do with built-in features on iPad (you can also use an iPhone). Designed for children aged 4-8, these activities can easily be tailored for the whole family.

1. PERSONIFY SOMETHING

Take a photo of an everyday object at home or outside, and draw on it using Markup to transform it into a character.

Get started: Open your photo, tap Edit, then tap the three dots in the top right to use Markup.

2. CAPTURE A TIME-LAPSE VIDEO

Set up your iPad to capture a time-lapse video while you build a fort, make your favourite snack, tidy up your toys or watch an ice cube melt.

Get started: Choose Time-Lapse mode in your Camera app. Tap the Record button to start recording; tap it again when you've finished.

3. MAKE COLOURING SHEETS

Take a few fun photos, then change them to black and white to create your own colouring sheets. Use Markup to add colour.

Get started: Open each photo, tap Edit, and apply one of the black-and-white filters. Go further by creating a book using a template in the Pages app.

4. PICTURE YOUR NAME

Take a photo of each letter of your name by finding them in books or on signs. Put them together to spell out your name in a colourful collage.

Get started: Crop the letters in the Photos app, then add each photo to a Keynote file in the right order.

5. GO ON A PHOTO WALK

Pick a colour or letter of the day and take photos of things that are that colour or start with that letter. Then put them together in a collage or video. Try to make a rainbow or complete the alphabet!

Get started: Add the photos of each colour or letter to a slide in the Keynote app. Or add each photo to Clips and record your voice saying the colours or letters.

6. SEE COLOUR IN SLO-MO

Record a video in slow motion of drops of food colouring falling in water. Do primary colours first, then mix them together to create secondary colours.

Get started: Choose Slo-mo mode in your Camera app, then record.

7. EMOJIFY YOUR MOOD

Draw a circle, then add silly eyes, a happy face or eyebrows that show the mood you're in. You can also add shapes and images, then share it with your friends!

Get started: Add the images to a Keynote slide, then tap the plus sign to use the drawing tools. Or use shapes to get started, then decorate with emojis.

8. STORYBOARD YOUR DAILY ROUTINE

Take a photo of something that represents each of your regular activities. Combine the photos and add a title, time and tickbox for each activity. Mark it daily!

Get started: Add your photos to a slide in Keynote, add text and tickboxes, then export it as an image you can use to tick off your activities.

9. CALENDAR TOGETHER

Download this fun [template](#) to identify the days, months, seasons, weather, temperature, and even your mood!

Get started: Open the document using the Keynote app. Copy the labels and paste them to the right spot on the calendar.

10. FIND SHAPES IN NATURE

Take a photo outdoors, then use Markup to trace all of the shapes you can find in the photo.

Get started: Open your photo, tap Edit, then tap the three dots in the top right to use Markup.

11. MAKE A SIMPLE BOOK

Think of an imaginary story. Take photos or videos acting out different parts. Create a book with each photo or video scene, along with story captions. Then decorate it with drawings, shapes or emoji images.

Get started: Add your photos and videos to a book template using the Pages app.

12. TELL A STORY WITH SHAPES

Add a variety of shapes from the Shapes menu to a blank page, and rearrange them to create a story. Try rearranging the same shapes to create three different stories.

Get started: In the Pages app, tap the plus sign in the top right to open the Shapes menu. Drag the shapes to rearrange them.

13. RECORD NEWS INTERVIEWS

Have fun recording yourself asking and answering questions. Use different sounds and voices, becoming an alien, giving the weather in outer space or a squirrel covering nut collections outdoors.

Get started: Use the Audio Recorder in the GarageBand app.

14. CREATE A COMIC STRIP

Take a picture of yourself and each of your favourite toys as the characters. Combine the photos in a video, transform them using the comic book filter and record yourself telling a story.

Get started: Touch and hold the Record button in the Clips app to import each character's photo from Photos. Tap each clip to use the comic book filter effect.

15. GET YOUR QUESTIONS ANSWERED

Got a question? For example, why is the sky blue? Or, how much does an elephant weigh? Let Siri find the answer.

Get started: Say "Hey Siri" into your iPad.

16. GO BACK IN TIME

Find an old photo. Recreate the scene, take a picture, then use a black-and-white filter to make it look like it was from the past.

Get started: Open your photo, tap Edit, then tap the three circles at the bottom to use filters.

17. WRITE A LOVE LETTER TO THE PLANET

Take, find or draw a picture of your favourite place. Add text boxes or a voice recording of why you love it and how you'll take care of it.

Get started: Add your photo to the Pages or Keynote app. Tap the plus sign to choose Record Audio, or choose Shapes and add a text box.

18. MAKE SKIP COUNTING FUN

Record yourself skip counting by 2 sec., 5 sec. or 10 sec. Use the fun voice effects to give yourself a monster or robot voice.

Get started: Use the Audio Recorder in the GarageBand app.

19. MAKE PATTERNS

Add a series of two or three shapes to a blank page to create a pattern. Repeat the pattern with a new set of shapes, then practise identifying and tracing each shape.

Get started: In the Pages app, tap the plus sign to use the Shapes menu to add shapes. Drag the shapes to arrange them in a pattern. Tap the plus sign again to use the drawing tool to trace on top of the shapes.

20. GO ON A SCAVENGER HUNT

Use this [template](#) to create your own scavenger hunt by replacing the items in each square with different shapes or images.

Get started: Open the template in the Keynote app. Tap the plus sign in the top right to open the Shapes menu, and replace the items in each box with shapes of your choice. You can also replace them with emojis.

21. CONCENTRATION

Write phrases or sentences using only emojis or shapes with a friend or sibling. Share your clues with each other and take turns solving them.

Get started: Open a document in the Pages app and tap the globe in the bottom left of the keyboard to see the emoji. Tap the person icon in the top right to collaborate with a friend.

22. LEANING TOWER OF PILLOWS

Build a tower of pillows, and record a slo-mo video of the tower tumbling to the ground.

Get started: Choose Slo-mo mode in your Camera app, then record.

23. STRIKE A POSE, TWICE

Have a family member take a pano photo with you in the first frame. Run to the end so you appear in the photo twice.

Get started: Start on the left side of the camera frame, then run behind the photographer to pop into the frame from the right side.

24. SEND FLOWERS

Use shapes to make a bouquet of flowers. Add some text, and send it as a postcard to someone special.

Get started: Tap the plus sign in the top right of the Pages app to open the Shapes menu. Export as an image to share.

25. HAVE A LAUGH

Ask Siri to tell you a joke.

Get started: Say, "Hey Siri, tell me a joke," into your iPad.

26. REACH FOR THE STARS

Lie on the ground, and looking up, take burst photos of a family member jumping and reaching for the stars. The upward angle will make it look like they're touching the sky.

Get started: Touch and hold the shutter button to take a burst of multiple photos. Tap Edit to select the frame when the person jumping is highest in the air.

27. BECOME AN ARTIST

Take a photo of yourself or your favourite toy. Trace the lines on top of the photo, then delete the photo to reveal your work of art.

Get started: Add your photo to a blank slide in Keynote. Tap the plus sign to use the drawing tool for tracing on top of your photo. Save it as an image when you've finished.

28. USE YOUR VOICE

Use Voice Memos to create an audio message to share a funny joke with a friend, send an invitation for a virtual play date or just say hi!

Get started: Record a message in the Voice Memos app, then share it using Messages or Mail.

29. PUT THINGS IN ORDER

Take a picture of each step of an everyday activity, such as washing your hands: turn on the water, apply soap to your hands, scrub, rinse and dry. Put the photos in order to create a sequence. You've just learned your first coding concept!

Get started: Add your photos to the Keynote or Clips app, and sort them in the correct order. In Clips, you can make a short movie that includes music, titles and stickers.

30. PERSONALISE A PORTRAIT

Take a self-portrait and use Markup to draw on it and let your personality shine. Do you have a cape or wings? Maybe a unicorn horn? Green highlights in your hair?

Get started: Open your photo, tap Edit, then tap the three dots in the top right to use Markup.
