Advice to All Parents - Single case

Dear Parents,

We have been advised by Public Health England that there has been 1 confirmed case of COVID-19 within the school community.

We know that you may find this concerning but we are following all guidance from the Health Protection Team, at Public Health England. This letter is to inform you of the current situation and provide advice on how to support your child. Please be reassured that for most people, coronavirus (COVID-19) will be a mild illness.

Children that are close contacts have been contacted so if you haven't heard from a member of SLT your child can attend on the agreed days next week.

Mill Water remains open and your child should continue to attend if they remain well.

For most people, coronavirus (COVID-19) will be a mild illness.

How to stop COVID-19 spreading

There are things you can do to help reduce the risk of you and anyone you live with getting ill with COVID-19

Do

- wash your hands with soap and water often – do this for at least 20 seconds
- use hand sanitiser gel if soap and water are not available
- wash your hands as soon as you get home
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin immediately and wash your hands afterwards

Further Information

Further information is available at <https://www.nhs.uk/conditions/coronavirus-covid-19/>

Yours sincerely

S A Pickering
